

SELECT 40/14

Product No. 1409

Form: Pellet

A pelleted protein, mineral and vitamin supplement with a low level of non-protein nitrogen for growing and finishing cattle. Designed to be mixed with forages/grains or into a TMR. Non-medicated.

FEATURES AND BENEFITS

- Low level NPN for lower supplement cost than “no urea” formulas; supplies rumen degradable protein.
- Complete supplement with protein, vitamins and minerals in one convenient product
- Targeted mineral content is formulated to allow high forage inclusion in ration
- Vitamins and trace minerals promote good health, performance and immune system function
- Non-medicated which provides flexibility to add or discontinue medication(s)
- Available with approved feed additives which provides flexibility to adjust rations to specific needs

DIRECTIONS FOR USE

Feed 1-1.5 lb/head/day depending on the age and size of cattle being fed, medication used, nutrient profile of other ration components and ration energy content. Designed to be mixed with grain or into a TMR. Must be thoroughly mixed in feeds before use; do not feed undiluted. Please consult with your Famo Feeds dealer or representative for information concerning specific rations or mixes. Provide plenty of fresh, clean water at all times.

GUARANTEED ANALYSIS

Crude Protein (Min)	40.0 %	Calcium (Ca) (Max)	8.5 %
(this includes not more than 14.0% equivalent crude protein from non-protein nitrogen)		Salt (NaCl) (Min)	3.5 %
		Salt (NaCl) (Max)	4.5 %
Crude Fat (Min)	2.0 %	Potassium (K) (Min)	2.2 %
Crude Fiber (Max)	8.0 %	Vitamin A (Min)	30,000 IU/lb
Calcium (Ca) (Min)	7.1 %
