

# SELECT 50/30 2.0 R300

**Product No. 1427**

**Form: Pellet**

A pelleted protein, vitamin and mineral supplement for growing and finishing cattle medicated with Rumensin. Designed to be mixed with grains or into a TMR.

## MEDICATED

Monensin, USP 300 grams/ton. Equivalent to 150 mg/lb.

## FEATURES AND BENEFITS

- Formulated with 50% protein for up to 2.0# daily intake for growing and finishing cattle
- Allows rations to be balanced with more protein than can be achieved with a 40% protein supplement
- Supplements rations without distillers grains and those with low-protein grains and forage
- Includes urea (NPN) to optimize costs and increase protein content
- Balances protein, salt, calcium and vitamins in one product
- Contains Rumensin for feed efficiency and coccidiosis prevention. Feed at 2 lb/h/d to provide 300 mg monensin.

## DIRECTIONS FOR USE

Feed up to 2 lbs./head/day depending on the age and size of cattle being fed, desired medication dosage, and required ration protein content. Designed to be mixed with grain or into a TMR. Must be thoroughly mixed in feeds before use; do not feed undiluted. Please consult with your Famo Feeds dealer or representative for information concerning specific rations or mixes. Always provide plenty of fresh, clean water at all times.

## GUARANTEED ANALYSIS

|   |       |        |               |       |              |
|---|-------|--------|---------------|-------|--------------|
| Crude Protein                                 | (Min) | 50.0 % | Calcium (Ca)  | (Max) | 6.9 %        |
| (this includes not more than 30.0% equivalent |       |        | Salt (NaCl)   | (Min) | 2.5 %        |
| crude protein from non-protein nitrogen)      |       |        | Salt (NaCl)   | (Max) | 3.5 %        |
| Crude Fat                                     | (Min) | 2.0 %  | Potassium (K) | (Min) | 1.8 %        |
