

AUREO - 10

Product No. 1481

Form: Short Pellet

A palatable source of Aureomycin® branded chlortetracycline, in short pellet form, that may be top dressed, mixed into a grain ration or mixed into a TMR. For calves, beef, nonlactating dairy cattle, swine and sheep.

MEDICATED

Chlortetracycline calcium complex (as chlortetracycline HCl) 10 g/lb. Equivalent to 10,000 mg chlortetracycline HCl/lb.

FEATURES AND BENEFITS

- Aureomycin® branded chlortetracycline for a zero day withdrawal at all feeding levels – **only Aureomycin® branded CTC can make this claim**
- Ten grams chlortetracycline(CTC)/lb for more concentrate; lower feeding rate than Aureo-4
- Broad spectrum antibiotic with many applications for different situations; see label for particulars
- Short pellet which is convenient and easy to feed; mixes well; won't blow away

DIRECTIONS FOR USE

The indicated amount of Aureo-10 can be top dressed on individual rations or completely mixed into the regular ration or TMR for each animal. Please consult with your Famo Feeds dealer or representative for information concerning specific rations or mixes. Provide plenty of fresh, clean water at all times.
