

PRECISION 20% CATTLE CAKE

Product No. 1496

Form: Cake

A large diameter pellet formulated to provide protein, energy, vitamins, and minerals to cattle on high forage diets. May be used when forage supply is limited and/or of poor quality.

FEATURES AND BENEFITS

- Provides the crude protein needed to supplement low protein hay
- Improves the digestibility of low protein hay by providing the nitrogen needed by the rumen microbes
- Provides an extra boost of energy without boosting dietary starch
- Extends hay – every pound of cake consumed is a pound less hay consumed
- Supplements minerals, trace minerals and vitamins supporting animal health and performance and helping grow a healthy fetus

DIRECTIONS FOR USE

Feed at a rate of 2 – 4 lb/head/day along with other types of roughage or grazing range. Supplement with free-choice salt. Please consult with your Famo Feeds dealer or representative for information concerning specific rations or mixes. Provide plenty of fresh, clean water at all times.

This product contains added copper. Do not feed to sheep.
