

HERD BUILDER GOLD MILK 20 MOS WITH SEL-PLEX®

Product No. 1902

Form: Powder

An all milk, non-medicated milk replacer for calves. Contains MOS

FEATURES AND BENEFITS

- All milk protein for optimal protein utilization by baby calves
- 20% fat (edible grade) for more available energy
- Instantized (agglomerated) for fast mixing
- Non-medicated allows flexibility of no medication or custom medication
- Contains Safmannan® which positively impacts immune system; lessens colonization of the intestinal tract with infective pathogens; promotes intestinal health
- All selenium from Sel-Plex® for greater retention in tissues and better utilized

DIRECTIONS FOR USE

Large breeds:

Feed 2 – 2.5 quarts reconstituted milk replacer twice daily, depending on body weight.

Small breeds:

Feed 1.5 – 2 quarts reconstituted milk replacer twice daily, depending on body weight.

OFFER FRESH, CLEAN WATER AT ALL TIMES.

IMPORTANT: Dry milk replacer powder should be mixed with 110-115°F water. Feed reconstituted milk replacer at 100°F.
