

HERD BUILDER SUPER MILK BOV MOS WITH CLARIFLY®

Product No. 1962

Form: Powder

A medicated calf milk replacer. Contains lasalocid (Bovatec®) for control of coccidiosis and ClariFly® for fly control. Contains MOS.

MEDICATED

Lasalocid 72 g/ton and Diflubenzuron (ClariFly®) 10.9 g/ton

FEATURES AND BENEFITS

- All milk protein for optimal protein utilization for baby calves
- High quality fat (edible grade) produces extra energy for greater rates of gain
- Instantized (agglomerated) for fast mixing
- Medicated with lasalocid (Bovatec®) for the control of coccidiosis
- Contains ClariFly® for fly control.
- Contains Safmannan® which positively impacts immune system; lessens colonization of the intestinal tract with infective pathogens; promotes intestinal health
- All selenium from Sel-Plex® which is stored in tissue and better utilized

DIRECTIONS FOR USE

Hand feed at a rate of 1 mg of lasalocid per 2.2 lb of bodyweight per day. Thoroughly mix this milk replacer powder with warm water and feed immediately.

Mix 12 ounces of powder into 4.25 lbs (~2 qts) of warm water (115-120°F) per calf and mix thoroughly. Feed the milk replacer solution to each calf two times a day. Cool milk replacer solution to 102-105°F before feeding.

OFFER FRESH, CLEAN WATER AT ALL TIMES.
