

PRO MEGA YEAST

Product No. 2203

Form: Meal

A concentrated source of naturally occurring microorganisms (yeast and bacteria).

FEATURES AND BENEFITS

- Low inclusion formula appropriate for mixing or top dressing
- *Saccharomyces cerevisiae* stimulates rumen fermentation and feed intake; assists fiber digestion and improves performance
- *Lactobacillus animalis* and *Propionibacterium freudenreichii* for improved digestibility and feed efficiency; supports immune system for better overall health.

DIRECTIONS FOR USE

Pro-Mega Yeast may be added to rations at variable rates based on need. Suggested rates are 20 lb/ton for starter feeds and 10 lb/ton for lactation, finishing and equine rations. Feed 2 oz/head/day to adult dairy cattle. Provide plenty of fresh, clean water at all times.

GUARANTEED ANALYSIS

Total Microbial Activity (<i>Lactobacillus animalis</i> , <i>Propionibacterium freudenreichii</i>)	4.6 billion CFU/lb
Yeast (<i>Saccharomyces cerevisiae</i>)	400 billion CFU/lb
