

ORGANIC SE – E

Product No. 3570

Form: Premix

A blended mixing mineral combining organic yeast selenium with vitamin E.

FEATURES AND BENEFITS

- Contains Sel-Plex® organic yeast selenium which is more bioavailable than inorganic selenium and is better stored in body tissue; improved somatic cell counts; less retained placentas and improved reproductive efficiency; stronger calves and less white muscle disease
- Contains vitamin E, an antioxidant that is critical in times of stress
- Blended product for convenient, more even distribution in feeding mix

DIRECTIONS FOR USE

Mix Organic Se – E Premix with ration components to supplement organic selenium and vitamin E. Provide plenty of fresh, clean water at all times.
