

DOMINATOR 12

Product No. 4889

Form: Texturized

Dominator 12 is a texturized beef show feed designed to be fed from weaning to exhibition. Success in the show ring depends upon achieving fit and finish. Dominator 12 supplies the energy needed for a smooth full finish and the fatty acids needed for that perfect coat of hair. Steam rolled corn and roasted soybeans provide optimum carbohydrate and protein digestibility. Cottonseed hulls balance the carbohydrate by providing rumen effective fiber. Numerous feed additives are carefully blended into the formula further enhancing digestibility and performance. Dominator 12 is designed to enhance your hard work and genetics and get you into the winner's circle.

FEATURES AND BENEFITS

- Steam rolled corn for optimal digestibility
- Cottonseed hulls providing effective fiber and promoting high intakes
- Ground flax and soy oil providing a combination of fatty acids to make hair shine
- Chromium to optimize health and performance, especially during times of stress
- Zinpro Availa-4 to assure bioavailability of cobalt, copper, manganese, and zinc
- Amaferm to stimulate enzyme production and optimize fiber digestion in the rumen

DIRECTIONS FOR USE

Feed to growing show steers and breeding heifers at a rate not to exceed 1.5% of body weight along with medium quality grass hay. For market show steers and heifers feed at a rate of 2.0 to 2.5% of body weight along with medium quality grass hay to desired show weight. Provide plenty of fresh, clean water at all times.

GUARANTEED ANALYSIS

Crude Protein	(Min)	12.0 %	Phosphorus (P)	(Min)	0.4 %
Crude Fat	(Min)	5.0 %	Salt (NaCl)	(Min)	0.3 %
Crude Fiber	(Max)	9.0 %	Salt (NaCl)	(Max)	0.8 %
Calcium (Ca)	(Min)	0.5 %	Potassium (K)	(Min)	0.8 %
Calcium (Ca)	(Max)	1.0 %	Vitamin A	(Min)	5,000 IU/lb
